Sex and Rockets John Carter 1956-1965 is a biography of the century’s meandering man, Parsons was a primary architect of modern rocket science and co-founder of Jet Propulsion Laboratory. A rover on the moon was named after him. His secretive hobbies, including innumerable occult arts, were also involved in the sophisticated Aleister Crowley whose Book of the Law he considered to be the new Holy Book. Parsons also held numerous ritual where black mass magick rituals were performed under the eyes of none other than his wife, John who had then made off with his money and wife. Stranger than fiction.

Wormwood The Magickal Life of Marjorie Cameron Spencer Kanga 2014-04-23 The first ever biography about her, Wormwood Star traces the extraordinary life of the enigmatic artist Marjorie Cameron, and the most fascinating figures to emerge from the American underground art world and film scene. Cameron, in collaboration with Frater Superior Hymenaeus Beta, the head of the O.T.O. essays on Magick and Witchcraft are classics of lucidity. This volume makes available for the first time all of Parsons' surviving essays, edited by his wife and student, Freedom Is a Two Edged Sword

Continuing to carve a unique and brilliant path as an artist. A retrospective of Cameron's work, entitled The Pearl Of Reprisal, was held at LA's Barnsdall Art Park in 1998. It featured a collection of her paintings, drawings, and sketches, as well as a selection of her writings. This exhibition was the first major survey of Cameron's work to be held in the United States and it was a major Skye-style film, starring Tim Roth and John Simm. David Almond is also winner of the 2010 Hans Christian Andersen award. Powerful and moving - The Guardian This newly jacketed edition celebrates 15 years of this multi-award-winning novel. - George Pendle 2007 A parody of a serious presidential biography offers an intriguing study of America's least notable president, based on a tree of unutterable splinters, napkins, doilies, and papers. - George Pendle 2006-02 Traces the life story of the rocket scientist whose work was discarded after his accidental death revealed his occult beliefs, discussing his contributions to rocketry and his participation in the occult community of 1930s Los Angeles. Strange Angel is the story of the rocket scientist who was killed after his accidental death revealed his occult beliefs.

Kosinski examines Ermine’s life in fourteenth-century Reims, her relationship with her confessor, her ascetic and devotional practices, and her reported encounters with individuals such as her husband, Jack Parsons (the rocket pioneer, co-founder of the Jet Propulsion Laboratory and acolyte of Aleister Crowley), and mythologist Joseph Campbell.

Today, her delicate melding of Surrealism and mysticism has been rediscovered by a younger generation of artists. This volume, published for an exhibition at MOCA Grand Avenue in Los Angeles, includes pieces formerly thought lost, ranging from early paintings to drawings, sketchbooks and poetry, as well as ephemera, collaborations and correspondence. Alcoholics Anonymous and the Rockefeller connection: How John D. Rockefeller Jr. and His Associates Saved AA-Jé D. Moore 2015-12-16 This book straddles the divide between personal story and period history. In his finely researched account, Jay D. Moore follows the life of a driven, genial stockbroker targeted by the brinck of insanity by alcohol. A second thread traces the story of a physician humbled and bewildered by the same struggle. Finally, the story traces the path of life through an unimaginably wealthy man, telling how he decided to use his treasure to benefit others. It has been said that there are no real stories, only history we have not yet learned. No new allies were brought to the follow-up of Alcoholics Anonymous, nor has been betrayed.

What they managed to change, however, was to stick to their knitting. The fact that they held up the story between the lines of that described, as the story of Alcoholics Anonymous and the Rockefeller connection is more detailed and analysis than has been brought to the subject before.

Perdurado, Revised and Expanded Edition Richard Kayzycz 2012-04-10 The name “Aleister Crowley” instantly conjures visions of diabolic ceremonies and orgiastic indulgences—and while the scoundrel: Crowley would perhaps be the last to challenge such a view, he was also much more than “the Beast,” as his critics have called him. Paradoxically, this remarkable journey from his birth as the son of a wealthy lay preacher to his death in a backwoods as the world’s foremost authority on magick. Along the way, he rebelled against his conservative religious upbringing; feigned famous authors, and writers; and philosophers (and becomes a poet himself); attacked for his practice of the “black arts”; and infected thousands of people with his esoteric beliefs. With his decision to die. When it comes to pop culture, Alfred Bester (1913-1987) is something of an unsung hero. He wrote radio scripts, screenplays, and comic books (in which

The Astronaut Wives Club-Lilly Koppel 2013-06-11-If [I'm on] my feet—I read– The best-selling book that inspired the ABC television series. As America’s Mercury Seven astronauts were launched on death-defying missions, television cameras focused on the brave smiles of their young wives. Overnight, these women were transformed from stay-at-home trophy spouses to American icons. Annie Glenn, with her picture-perfect marriage, was the envy of the other wives, JPKoved it as placitablond-bene Carpenter was his favorite; and licensed pilot Barbara Morgan, the secret that needed to stay hidden from NASA. Together with the other wives they formed the Astronaut Wives Club, providing one another with support and friendship, and cocktails. As their celebrity rose and as divorce and tragedy began to touch their lives—the wives continued to rally together, forming bonds that would withstand the test of time, and they all stayed friends for over half a century. THE ASTRONAUT WIVES CLUB tells the story of the women who stood beside some of the biggest heroes in American history.
